## CLEAN LIVIN': A MAN'S MACHINE WITH A WOMAN'S TOUCH

Two-and-a-half years after flying to a Virginia Beach Jimmy Buffet concert and making a side visit to Manns Harbor, former Southern Cross owners Bill and Laura Pitten began building their dream boat, *Clean Livin'*, a warm, traditional and very comfortable Paul Mann 58'. Bill, Laura and Paul's team created *Clean Livin'* primarily for serious fishing but also to accommodate family trips to the Bahamas from their Florida home base. Bill is an owner/operator with a keen interest in the mechanical systems. Laura's superb taste is evident in the handcrafted varnished cherry wood throughout the vessel. A special touch is a bamboo sole in the galley. *Clean Livin'* has two staterooms with double berths, one with bunks above for the kids. *Clean Livin'*, built for practical speed and long service, will keep the family happily fishing well into the future.
