

Royal Flush

PAUL MANN SIXTY-SIX

ROYAL FLUSH: SPORTSMAN BRINGS TOURNAMENT WINNING HAND TO THE TEXAS COAST.

For Texan oilman, entrepreneur, all-around outdoorsman, avid big game hunter and tournament billfisherman Stephen Patchin along with his wife, Lisa, there's nothing but the royal treatment involved in any venture whether it's work or play. The Patchins aim for the best. That's why he came to Paul Mann to build his own winner, *Royal Flush*, the handsome 66' LOA, three-stateroom, four-head fishing machine that offers this owner the look and feel of a gentleman's club in the salon, plenty of privacy and comfort in the owners' and guest quarters, a great running bottom, command and control of the two Cat 32A diesels from the bridge, and all the systems that offer comfort, great range, terrific efficiency and unmatched performance. *Royal Flush* is a genuine pleasure to run. Thanks to a great hull, a great running bottom and a truly different and impressive boat design, this Paul Mann frame and plank custom will be a great competitor in any billfish tournament and a real home away from home at the dock anywhere in the world.
